

Rosa Parks endured great personal hardship following her protest. She was fired from her job at a local department store and her husband was retaliated against in his own place of work, losing his job in the process as well. Rosa Parks was ultimately forced to leave Montgomery for Detroit, Michigan where she could begin a new life. However, her suffering would not be in vain and in 1956, the United States Supreme Court upheld a lower court ruling that Jim Crow laws were unconstitutional.

Rosa Parks channeled discrimination against her into positive action. She founded the Rosa and Raymond Parks Institute for Self-Development, which is aimed at providing youth with life skills, character development, and education on civil rights history. Her contributions have been widely recognized thereafter. Rosa Parks is the recipient of the National Association for the Advancement of Colored People's (NAACP) highest award, the Spingarn Medal. She was also awarded the Presidential Medal of Freedom by President Bill Clinton, and was awarded the Congressional Gold Medal, which is the highest award that United States Congress can bestow on a civilian.

Mr. Speaker, Rosa Parks serves as an inspiration to us all. Her story teaches us how the brave actions of one individual can inspire the actions of an entire generation. Individuals like Rosa Parks light the way and show us exactly how we can achieve the change we so greatly desire. Her actions changed the course of history and her legacy will be remembered far and wide.

RECOGNIZING THE 106TH CHRISTMAS TREE LIGHTING IN PERKASIE BOROUGH

HON. MICHAEL G. FITZPATRICK

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 1, 2015

Mr. FITZPATRICK. Mr. Speaker, three years before the lights on the famous Christmas tree in New York City's Rockefeller Center were flipped on, a small town in my district of Pennsylvania began a tradition that has spanned generations and leads the nation.

Since 1909, residents of Perkasio Borough have been gathering together in early December to light the community Christmas tree—a tradition that stands as America's oldest continuous tree lighting.

A town of under 3,000 at the time of its first Christmas celebration, Perkasio has grown steadily while community leaders, elected officials and local residents have kept its unique small town charm and timeless Christmas ritual.

Today, I recognize December 5th as what will be Perkasio's 106th consecutive community Christmas tree lighting and join in the celebration of this enduring holiday tradition.

TRIBUTE TO CARL KLUVER

HON. DAVID YOUNG

OF IOWA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 1, 2015

Mr. YOUNG of Iowa. Mr. Speaker, I rise today to recognize and congratulate Mr. Carl Kluver of Shenandoah, Iowa, for receiving his high school diploma.

Two years after leaving the Charter Oak High School in 1942, Carl joined the military to serve his country. It wasn't until October 10th, 2015 that Carl was able to attain his diploma. Carl served our country honorably during World War II aboard the USS *Richmond* during his time in the U.S. Navy. He never regretted joining the military, but always wished he had finished high school. Carl made it known to his family that he wished he had received his high school diploma, and with the support and encouragement of his grandson he decided it wasn't too late to graduate. Carl's grandson John Olson contacted the Charter Oak-Ute Community School District and inquired about getting a diploma for his grandfather. After explaining the situation to school officials and once the Charter Oak School District verified that Carl had indeed been a student there, a diploma was granted. Surrounded by family, Carl received his diploma, saying, "It was a great day and one I'll never forget."

Mr. Speaker, I commend and congratulate Carl for his accomplishments and receiving his high school diploma. I am proud to represent him in the United States Congress for his distinguished service to our country. I ask that my colleagues in the United States House of Representatives join me in congratulating Carl and wishing him nothing but the best moving forward.

INTRODUCTION OF THE OBSTETRIC FISTULA PREVENTION, TREATMENT, HOPE, AND DIGNITY RESTORATION ACT OF 2015

HON. CAROLYN B. MALONEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 1, 2015

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, today I am reintroducing comprehensive legislation that both prevents new obstetric fistulas and helps to treat existing ones, helping millions of women around the world regain control of their health and dignity. The Fistula Prevention, Treatment, Hope and Dignity Restoration Act will support a cooperative effort to eradicate a heartbreaking, preventable condition that has been largely eliminated in the developed world.

Childbirth should not leave a woman disabled or ostracized by her family and community. Congress must commit to expanding access to treatment for the more than two million women worldwide who suffer from obstetric fistula and preventing new cases.

Obstetric fistula is a devastating condition that results from prolonged, obstructed labor without proper medical attention. During delivery, the infant's head presses against the woman's pelvis for so long that it creates a hole between the woman's vagina and rectum, leaving her without control of her bladder and/or bowels for the rest of her life if untreated. It also often results in a stillbirth. Mothers with fistulas are abandoned by their husbands and shunned by their families. According to the World Health Organization, there are between 50,000 and 100,000 new cases each year.

Fortunately, obstetric fistula is both treatable and preventable. Ninety percent of cases can be treated with a surgery costing an average
